End of Summer Term Newsletter

Dear Parents, Colleagues and Pupils,

As we come to the end of our 2020-2021 school year, I want to offer my sincere thanks to all parents, students and staff, for their determination, hard work, understanding, and dedication as we navigated this academic year while adjusting to the new normal.

Our school successfully and safely returned students to classrooms starting in September 2020, and while we had our fair share of uncertainties along the way, we successfully returned to full days of in-person attendance. I want to acknowledge the role that each member of our MMIA community - students, families, and staff - played in making that happen.

In this academic year, we had lots of successes. Our curricula activities were enhanced and effective yielding desired results, extra-curricula activities were designed to meet the social and emotional needs of the pupils while increasing their knowledge of the world.

As we approach the start of the 2021-2022 school year, we will share additional information about any and all COVID-19 mitigations we may need to continue,

including the potential for continued social distancing and wearing of masks.

We will continue to work closely with the Regulatory bodies to safeguard our pupils.

On behalf of the Governing board and the entire staff, we look forward to seeing all of our students and families again in 2021-2022 academy year.

Do have a splendid holiday!
Warm regards,
Miriam Olise

SUMMER SCHOOL
